

# Converting Brownfields to Green Space

## Table of Contents

### Executive Summary

<b>I. Introduction</b> .....	<b>7</b>
<b>II. Methodology</b> .....	<b>8</b>
Sample Group .....	<b>8</b>
Selection Criteria .....	<b>8</b>
Type of Redevelopment .....	<b>8</b>
Project Size .....	<b>9</b>
Geographical Dispersement.....	<b>9</b>
Public Sector Participation .....	<b>10</b>
<b>III. Definition of Green Space</b> .....	<b>10</b>
Natural Open Space Parks .....	<b>10</b>
Traditional Developed Parks .....	<b>10</b>
Linear Parks.....	<b>11</b>
High-Density, High-Impact Parks .....	<b>11</b>
<b>IV. Potential Benefits of Green Space</b> .....	<b>11</b>
Increased Adjacent Property Values and Rents .....	<b>12</b>
Attraction and Retention of Businesses and Residents.....	<b>12</b>
Increased Foot Traffic .....	<b>12</b>
Greater Neighborhood Stability, Sense of Community and Interaction Among Neighbors .....	<b>12</b>
Catalyst for Further Redevelopment and Renovations to Homes.....	<b>13</b>
Healthier Residents, Through a Cleaner Environment and Greater Recreational Opportunities... <b>13</b>	
Improved Perception Through Cleanup of Sites .....	<b>14</b>
Strengthened "Green Infrastructure," as a Quality of Life and Alternative Transportation Component.....	<b>14</b>
Reduction in Crime .....	<b>15</b>
<b>V. General Challenges when Developing Green Space</b> .....	<b>15</b>
Cost to Purchase and Redevelop Site.....	<b>15</b>
Ongoing Management and Maintenance of Green Space .....	<b>15</b>
Perceived or Real Lack of Safety.....	<b>16</b>
Potential Increase in Local Property Tax Rates.....	<b>16</b>
Funding Bias Against Green Space.....	<b>17</b>
Cleaning Up to High and Varying Standards .....	<b>17</b>
<b>VI. Feasibility of Converting Brownfields to Green Space</b> .....	<b>17</b>
Conversion Costs.....	<b>17</b>
Funding Sources for Conversion to Green Space.....	<b>18</b>
Federal .....	<b>18</b>
EPA .....	<b>19</b>
Land and Water Conservation Fund .....	<b>20</b>

Urban Park and Recreation Recovery Program.....	<u>20</u>
HUD .....	<u>21</u>
EDA .....	<u>21</u>
DOT.....	<u>21</u>
Forest Service - Urban and Community Forestry Program.....	<u>22</u>
Army Corps of Engineers.....	<u>22</u>
National Park Service - Rivers, Trails and Conservation Assistance Program .....	<u>23</u>
State .....	<u>24</u>
Local government financing.....	<u>25</u>
Tax Increment Financing.....	<u>25</u>
Bond Financing.....	<u>26</u>
Special Assessment Districts .....	<u>26</u>
Land Trusts .....	<u>27</u>
Foundations .....	<u>28</u>
Private donations .....	<u>29</u>
Other Sources.....	<u>29</u>
Innovative Financing Mechanisms .....	<u>30</u>
Use of Easements.....	<u>30</u>
Transfer Fee Collected by Land Banks for a Fund for Cleanup.....	<u>30</u>
Revenue-producing Uses.....	<u>30</u>
Dedicated Tax.....	<u>31</u>
Transfer or Purchase of Development Rights.....	<u>31</u>
Land Banks.....	<u>32</u>
Maintenance Costs.....	<u>32</u>
Sources of Funding for Maintenance.....	<u>33</u>
Liability and Cleanup.....	<u>33</u>
Cleanup Requirements.....	<u>34</u>
Cleanup Techniques Unique to Converting Brownfields to Green Space.....	<u>36</u>
Impact on Property Values.....	<u>36</u>
<b>VII. Process of Converting Brownfields to Green Space .....</b>	<b><u>38</u></b>
Roles for Public Sector .....	<b><u>38</u></b>
Roles for Private Sector .....	<b><u>39</u></b>
Opportunities for Public/Private Partnerships .....	<b><u>40</u></b>
